I hereby consent to communicating online with Dr. Volpe and his staff so as to conduct virtual consulting/telemedicine/telehealth, and any other purpose deemed by my doctor to be appropriate while receiving medical and aesthetic services.

As announced by the US Department of health and human services on March 17, 2020, I understand my doctor is now authorized to use nonpublic facing and/or video communication technology to provide telehealth, whether or not related to Cove mid-19, including Doxy.me, Zoom, or Facetime as compliant forums. Photographs may be taken for instructional, educational and record keeping uses. I also understand that my virtual consultation does not take the place of a physical exam which would be required prior to any medical procedure or a substitute for the professional judgment in diagnosing and treating patients on an individual basis. All content, including any advice, suggestions, and/or recommendations, has not been generated as part of any direct professional evaluation where Dr Volpe has the benefit of information that would be obtained by examining a patient in person and observing his/her medical condition..
